Subject: RE: USS Lead Site: Concerns re Handling of Interior Dust Sampling and Cleaning
Attachments: Response Letter - Concerns re Handling of Interior Dust Sampling and Cleaning.pdf

Dear all:

Please find attached a letter from EPA in response to the April 27, 2018 letter concerning handling of interior dust sampling and cleaning. A hard copy is in the mail as well. Should you have any further questions, please contact Janet Pope, the site's Community Involvement Coordinator, at (312) 353-0628 or Pope.Janet@epa.gov. She is copied into this email for your convenience.

Thank you,
 Immediate Office
 Superfund Division
 Region 5, U.S. EPA

 Subject: USS Lead Site: Concerns re Handling of Interior Dust Sampling and Cleaning
 Importance: High

Please find attached a letter and attachments sent on behalf of the East Chicago Calumet Coalition Community Advisory Group regarding its concerns about the way that USEPA is handling the interior dust sampling and cleaning.

The CAG looks forward to a response as soon as possible and prior to USEPA finalizing the forthcoming work plan for the interior dust sampling and cleaning. Please copy Mark Templeton and me on any responses.

Thanks,
 Debbie Chizewer
